

ADMIRALITEEDI ALA ARHITEKTUURIKONKURSS

30.07.2015

Mõisa 4, Tallinn

In total there were 22 applications for taking part in the Admiralty area architectural competition. All the companies had interesting portfolios and it made the work of Qualification Committee even harder. Eventhough it was planned that 6 companies make it to the second phase, the qualification committee decided to increase it to 7 companies.

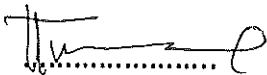

We would like to thank all the companies that did the effort to participate in that architectural competition and wish You luck for the future.

With the qualifiers – see you in the second phase.

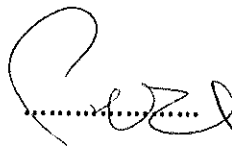

Admiralty area architectural competition qualification committee decided that following participants will get to the next round (in a random order):

- 1) Kadarik ja Tüür Arhitektid
- 2) Chapman Taylor
- 3) 3+1 Arhitektibüroo
- 4) Alver Arhitektid OÜ
- 5) Arhitektuuribüroo Pluss
- 6) KOKO Arhitektid
- 7) CPU Architects
