Zirochka

An aerial map of a city, likely in Ukraine, showing a grid of streets and buildings. Overlaid on the map are two concentric circles: an inner blue circle and an outer green circle. The text 'Belonging through shaping the space' is written in large, white, sans-serif font across the center of the map. A scale bar in the bottom left corner indicates 500 meters. Various landmarks are labeled in Ukrainian, including 'лицей №7', 'Калуський політехнічний коледж', 'Школа-лицей №10', and 'Дитсадок Росинка'.

Belonging through shaping the space

500m

Дитсадок
Росинка

Школа-
лицей №10

Levels

Zirochka: Sense of belonging for IDPs

- * Living organism
 - Moving functions around through feedback
 - All that can be modular is modular

Neighbourhood: Magnet for locals

- * Building upon what's already there
- * Diversification of accessible functions

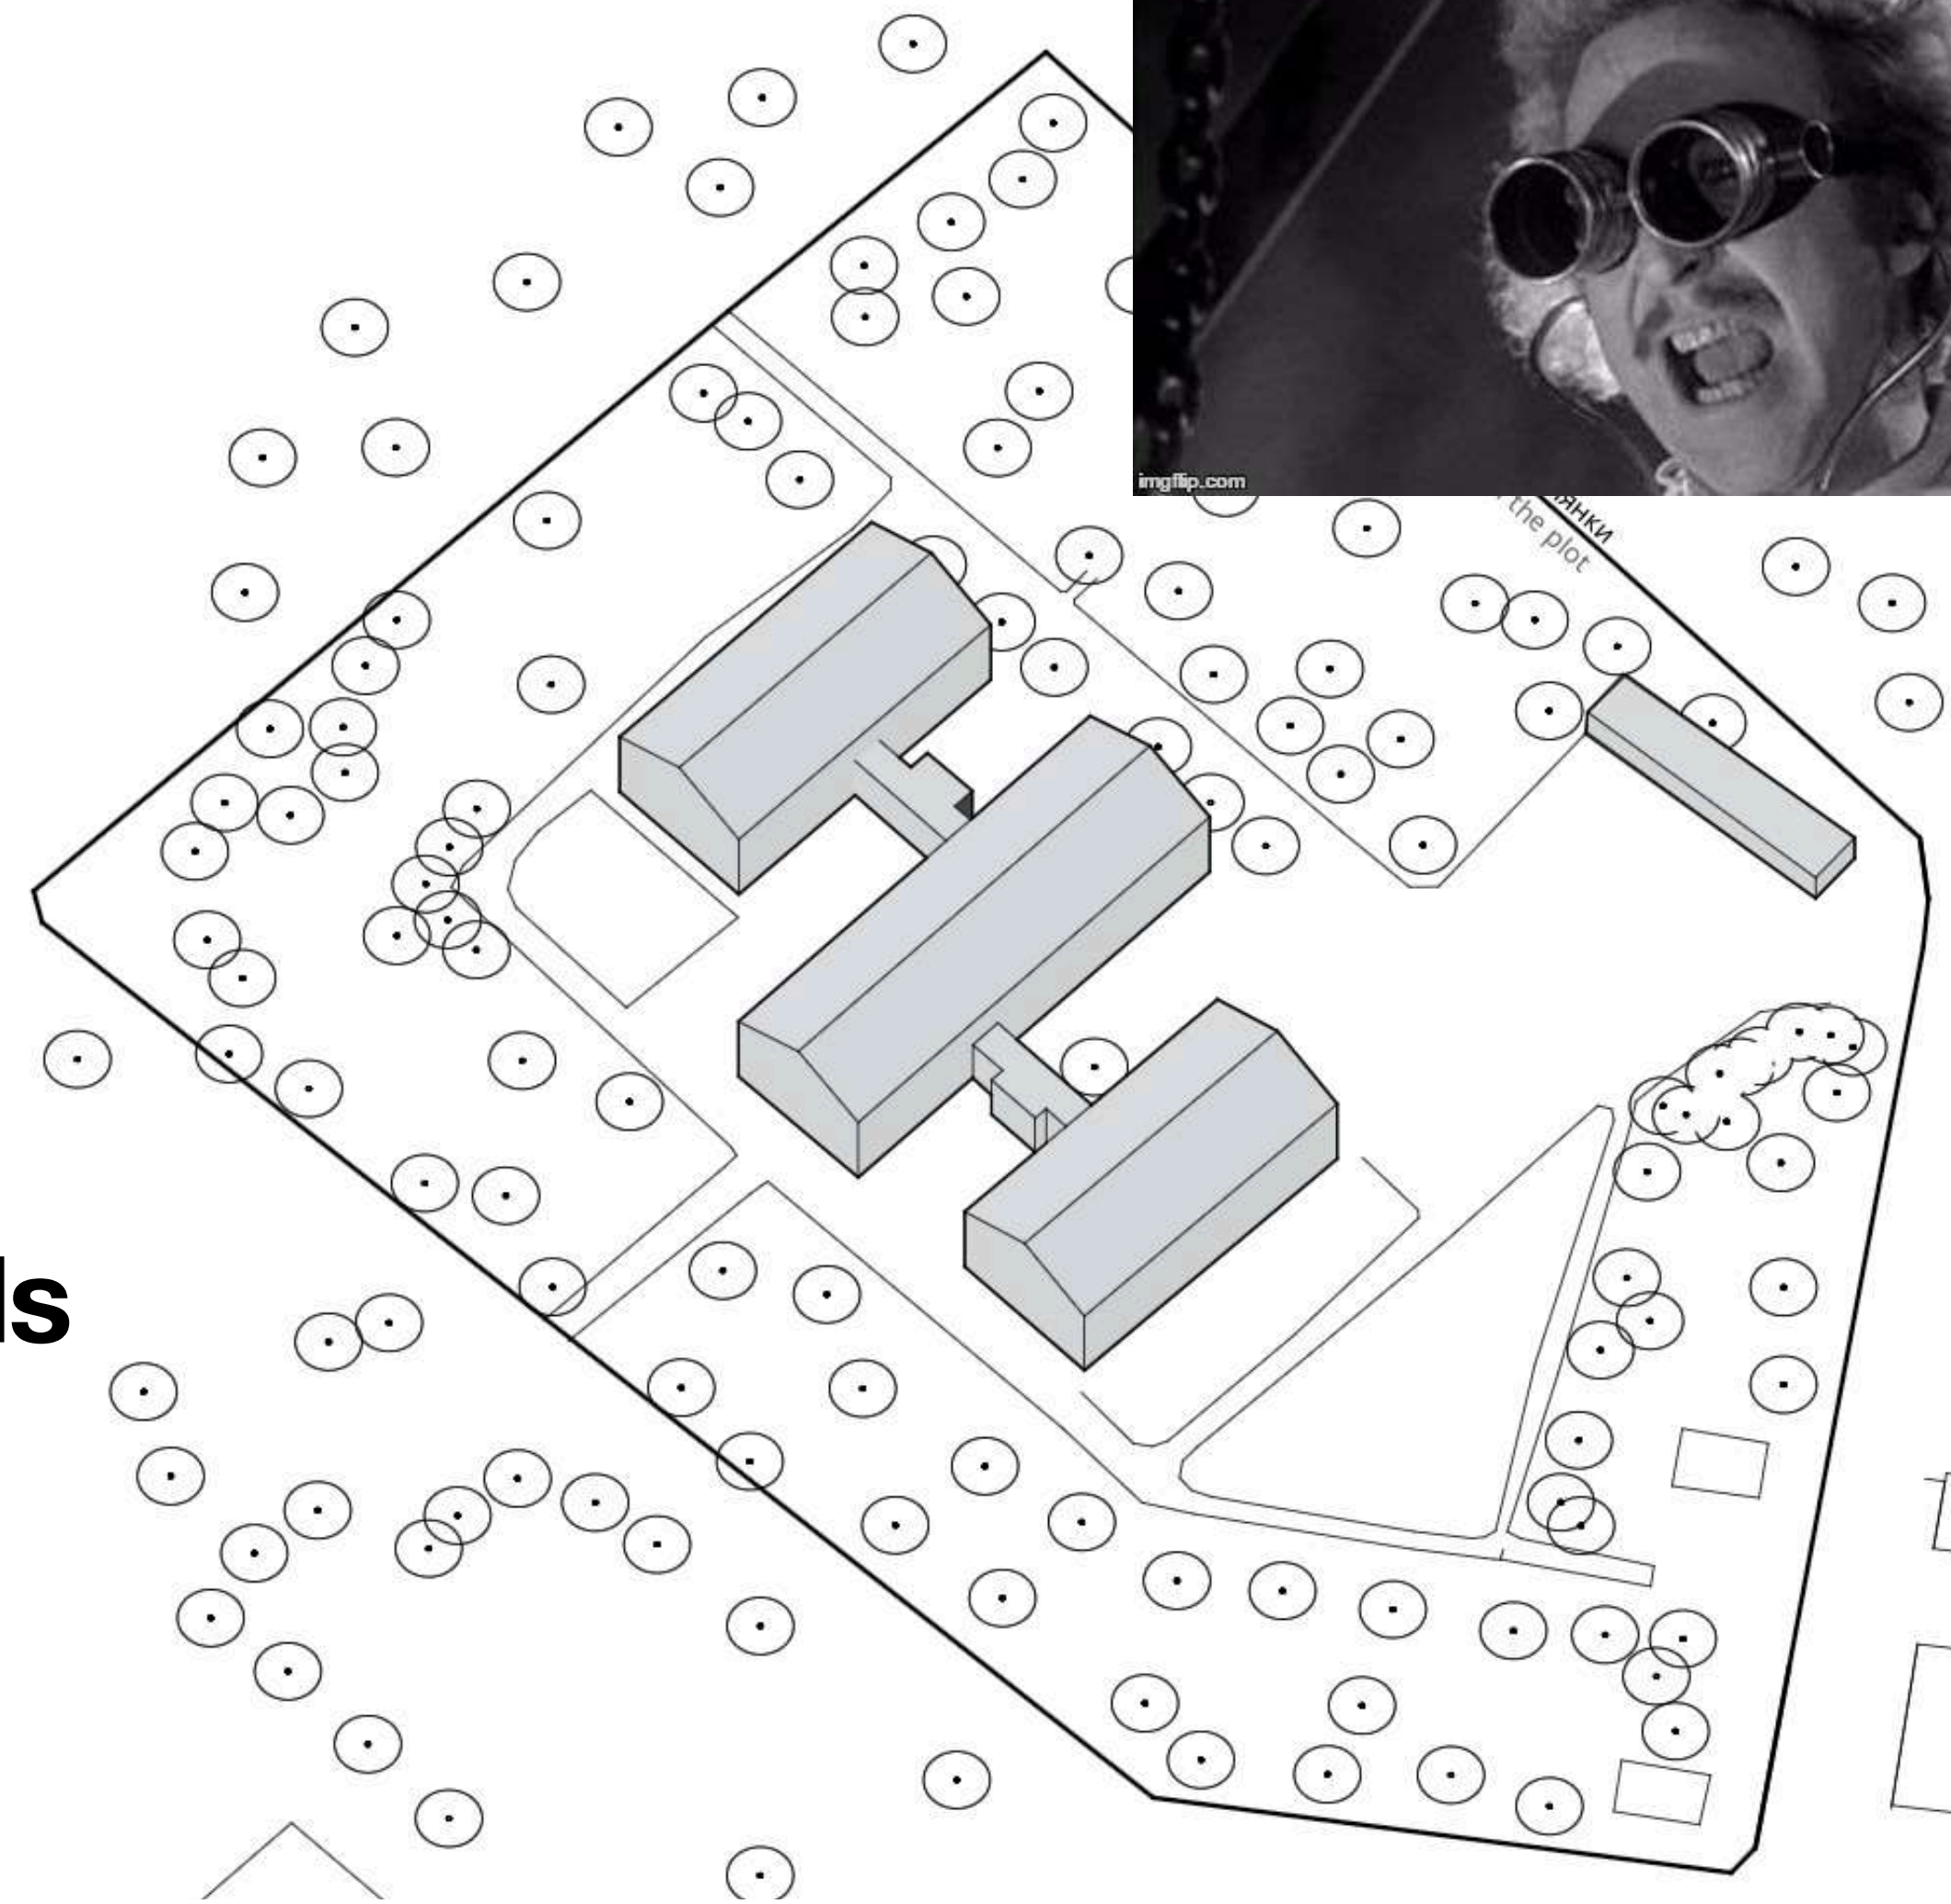

City: Example for others

- * Easy to copy and paste anywhere

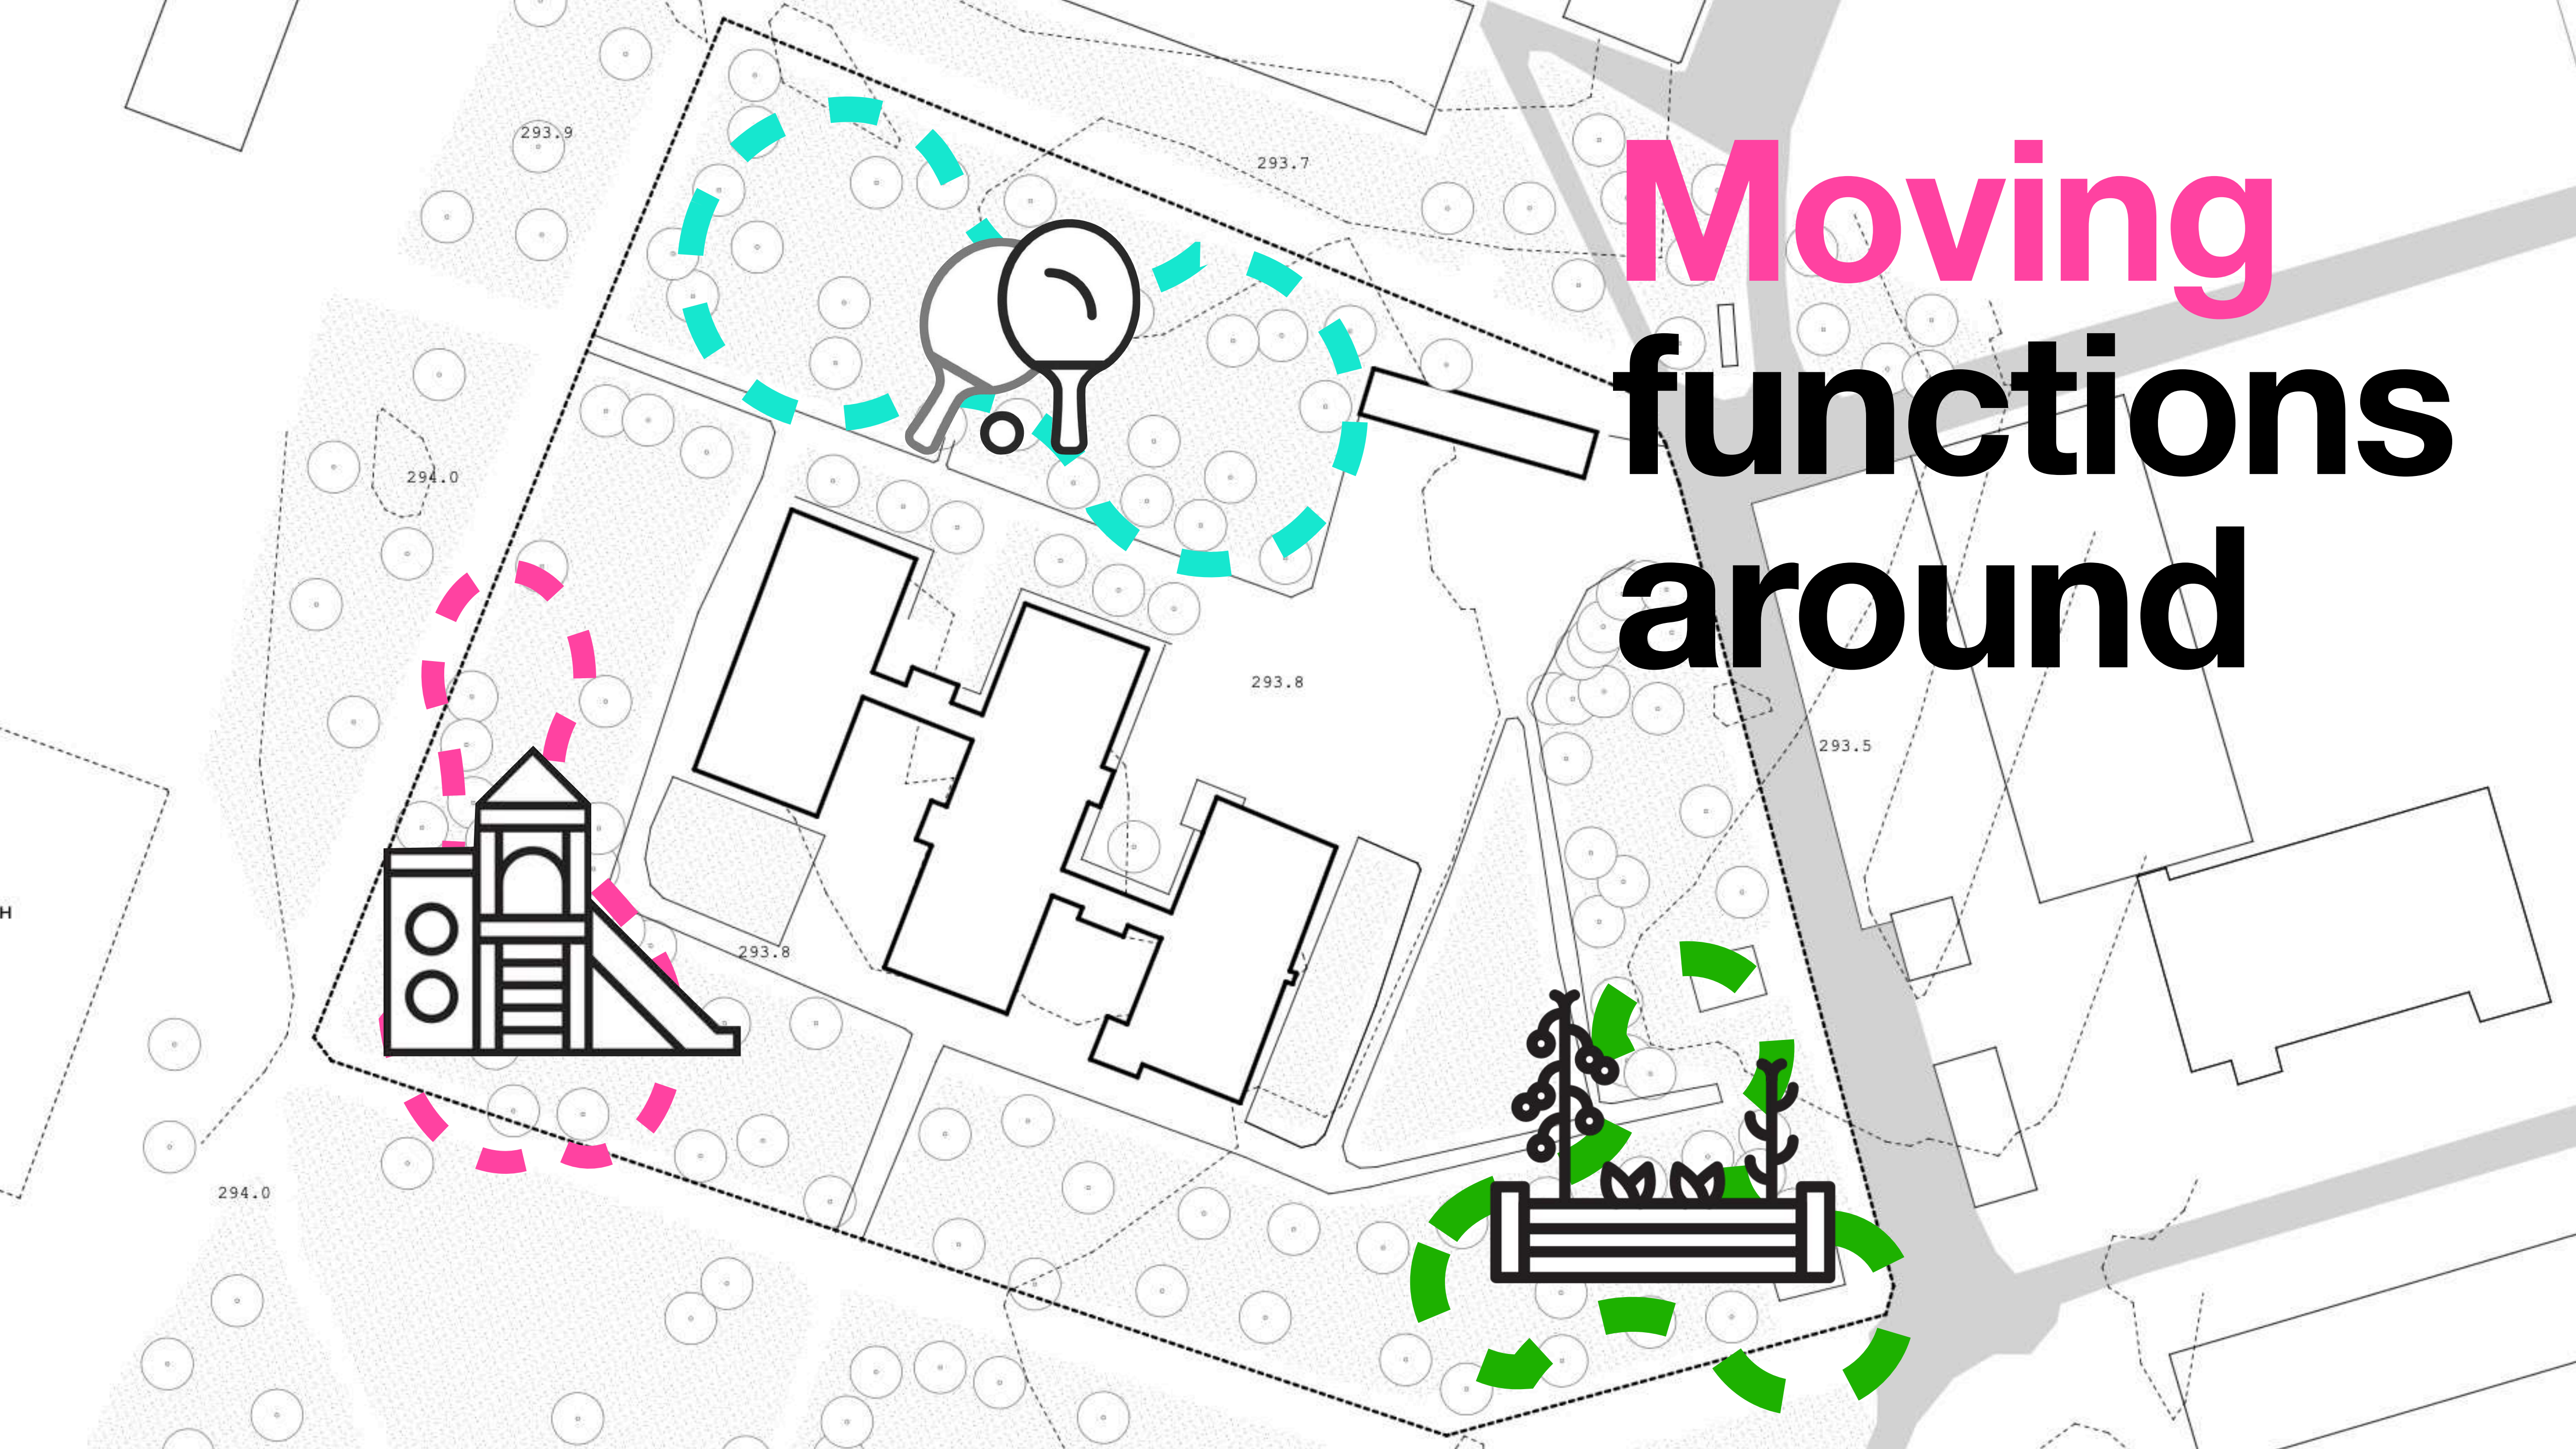

Zirochka Level: Sense of belonging for IDPs

Space as a **living** organism

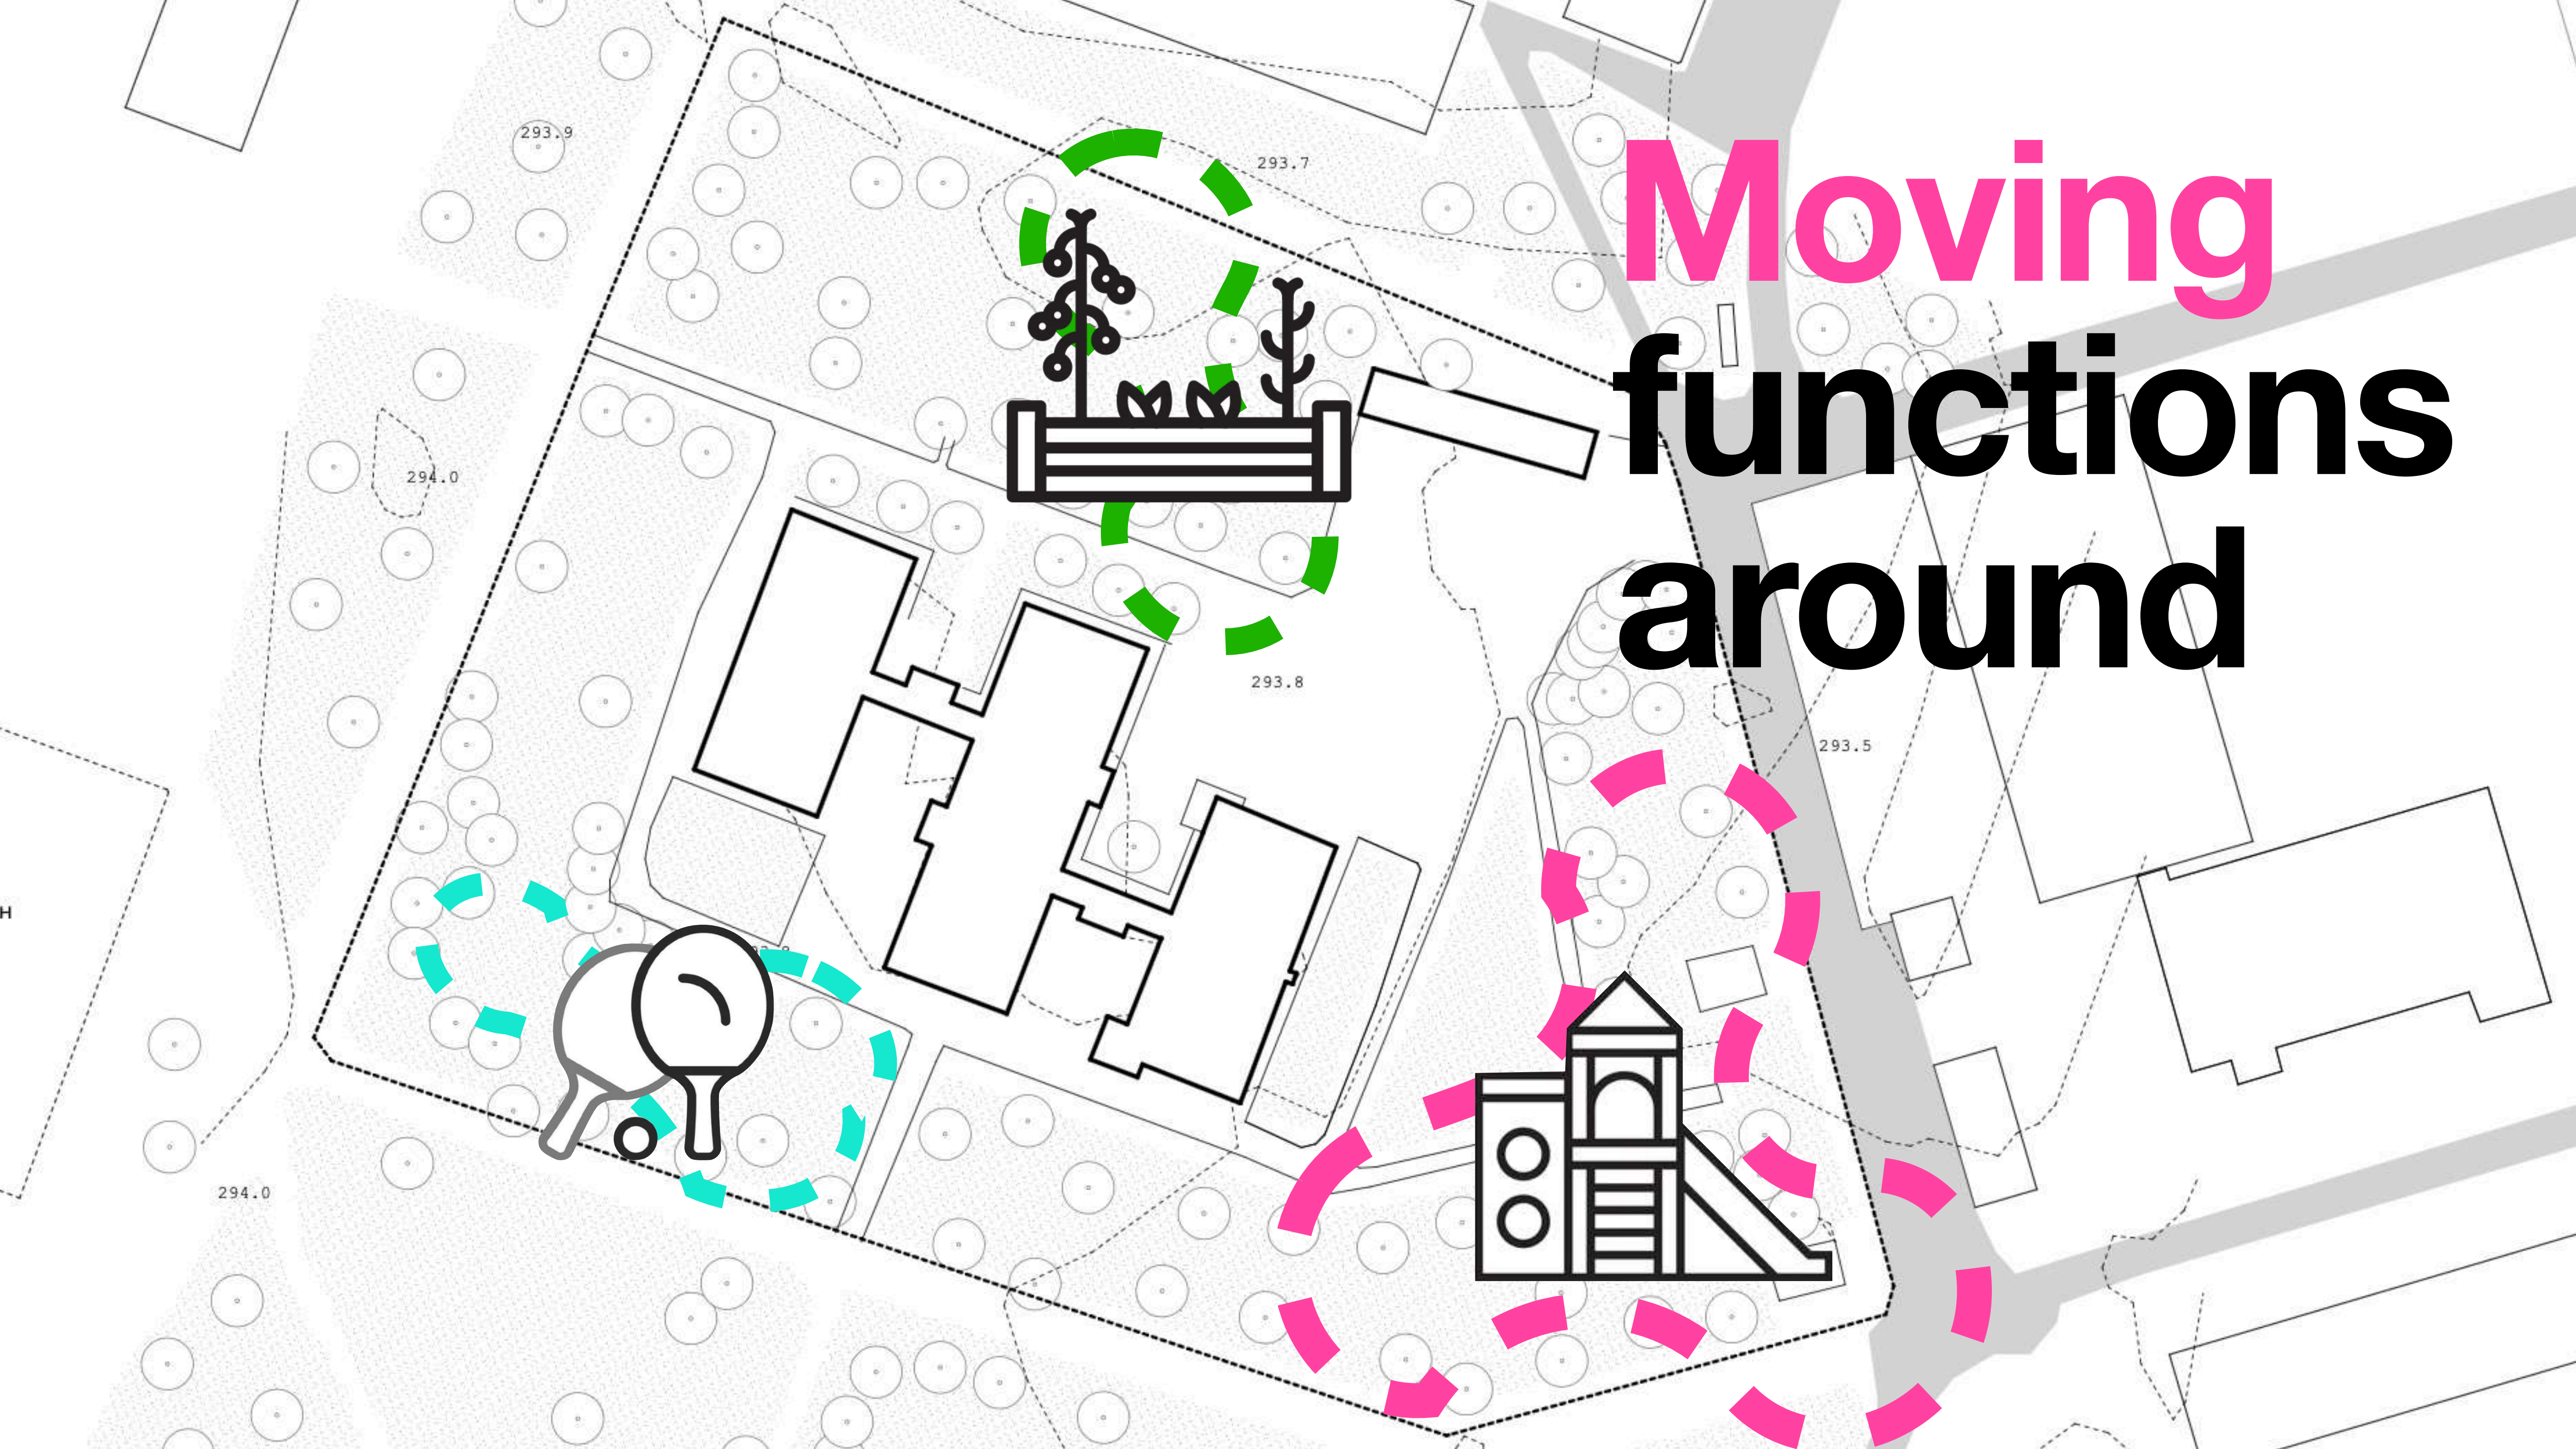

- * Zoning is flexible
- * Space is changing based on needs
- * Not solutions, but tools
- * Inhabitants know better

Moving functions around

Moving functions around

All that can
be **modular**
is **modular**

All that can
be modular
is modular

All that can
be **modular**
is **modular**

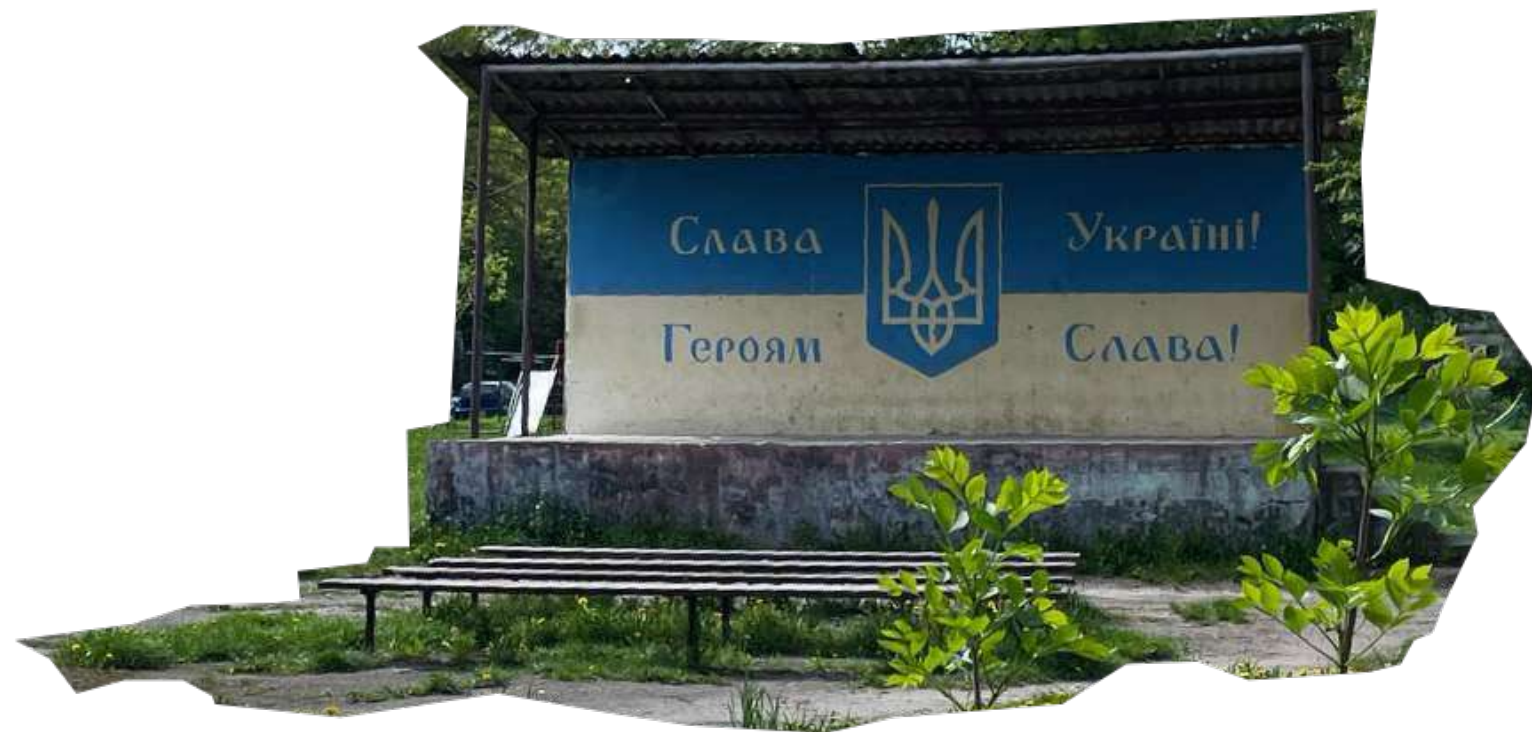

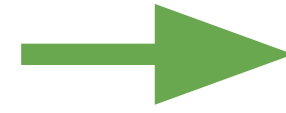

Neighbourhood Level: Magnet for locals

- ✱ Soul of the district
- ✱ Place of connection between
locals & IDPs
- ✱ Various activities for everyone
- ✱ New meaning for the existing
green space

Gardening

Stage

Building upon what's already there

Diversification of accessible functions

active

individual

group

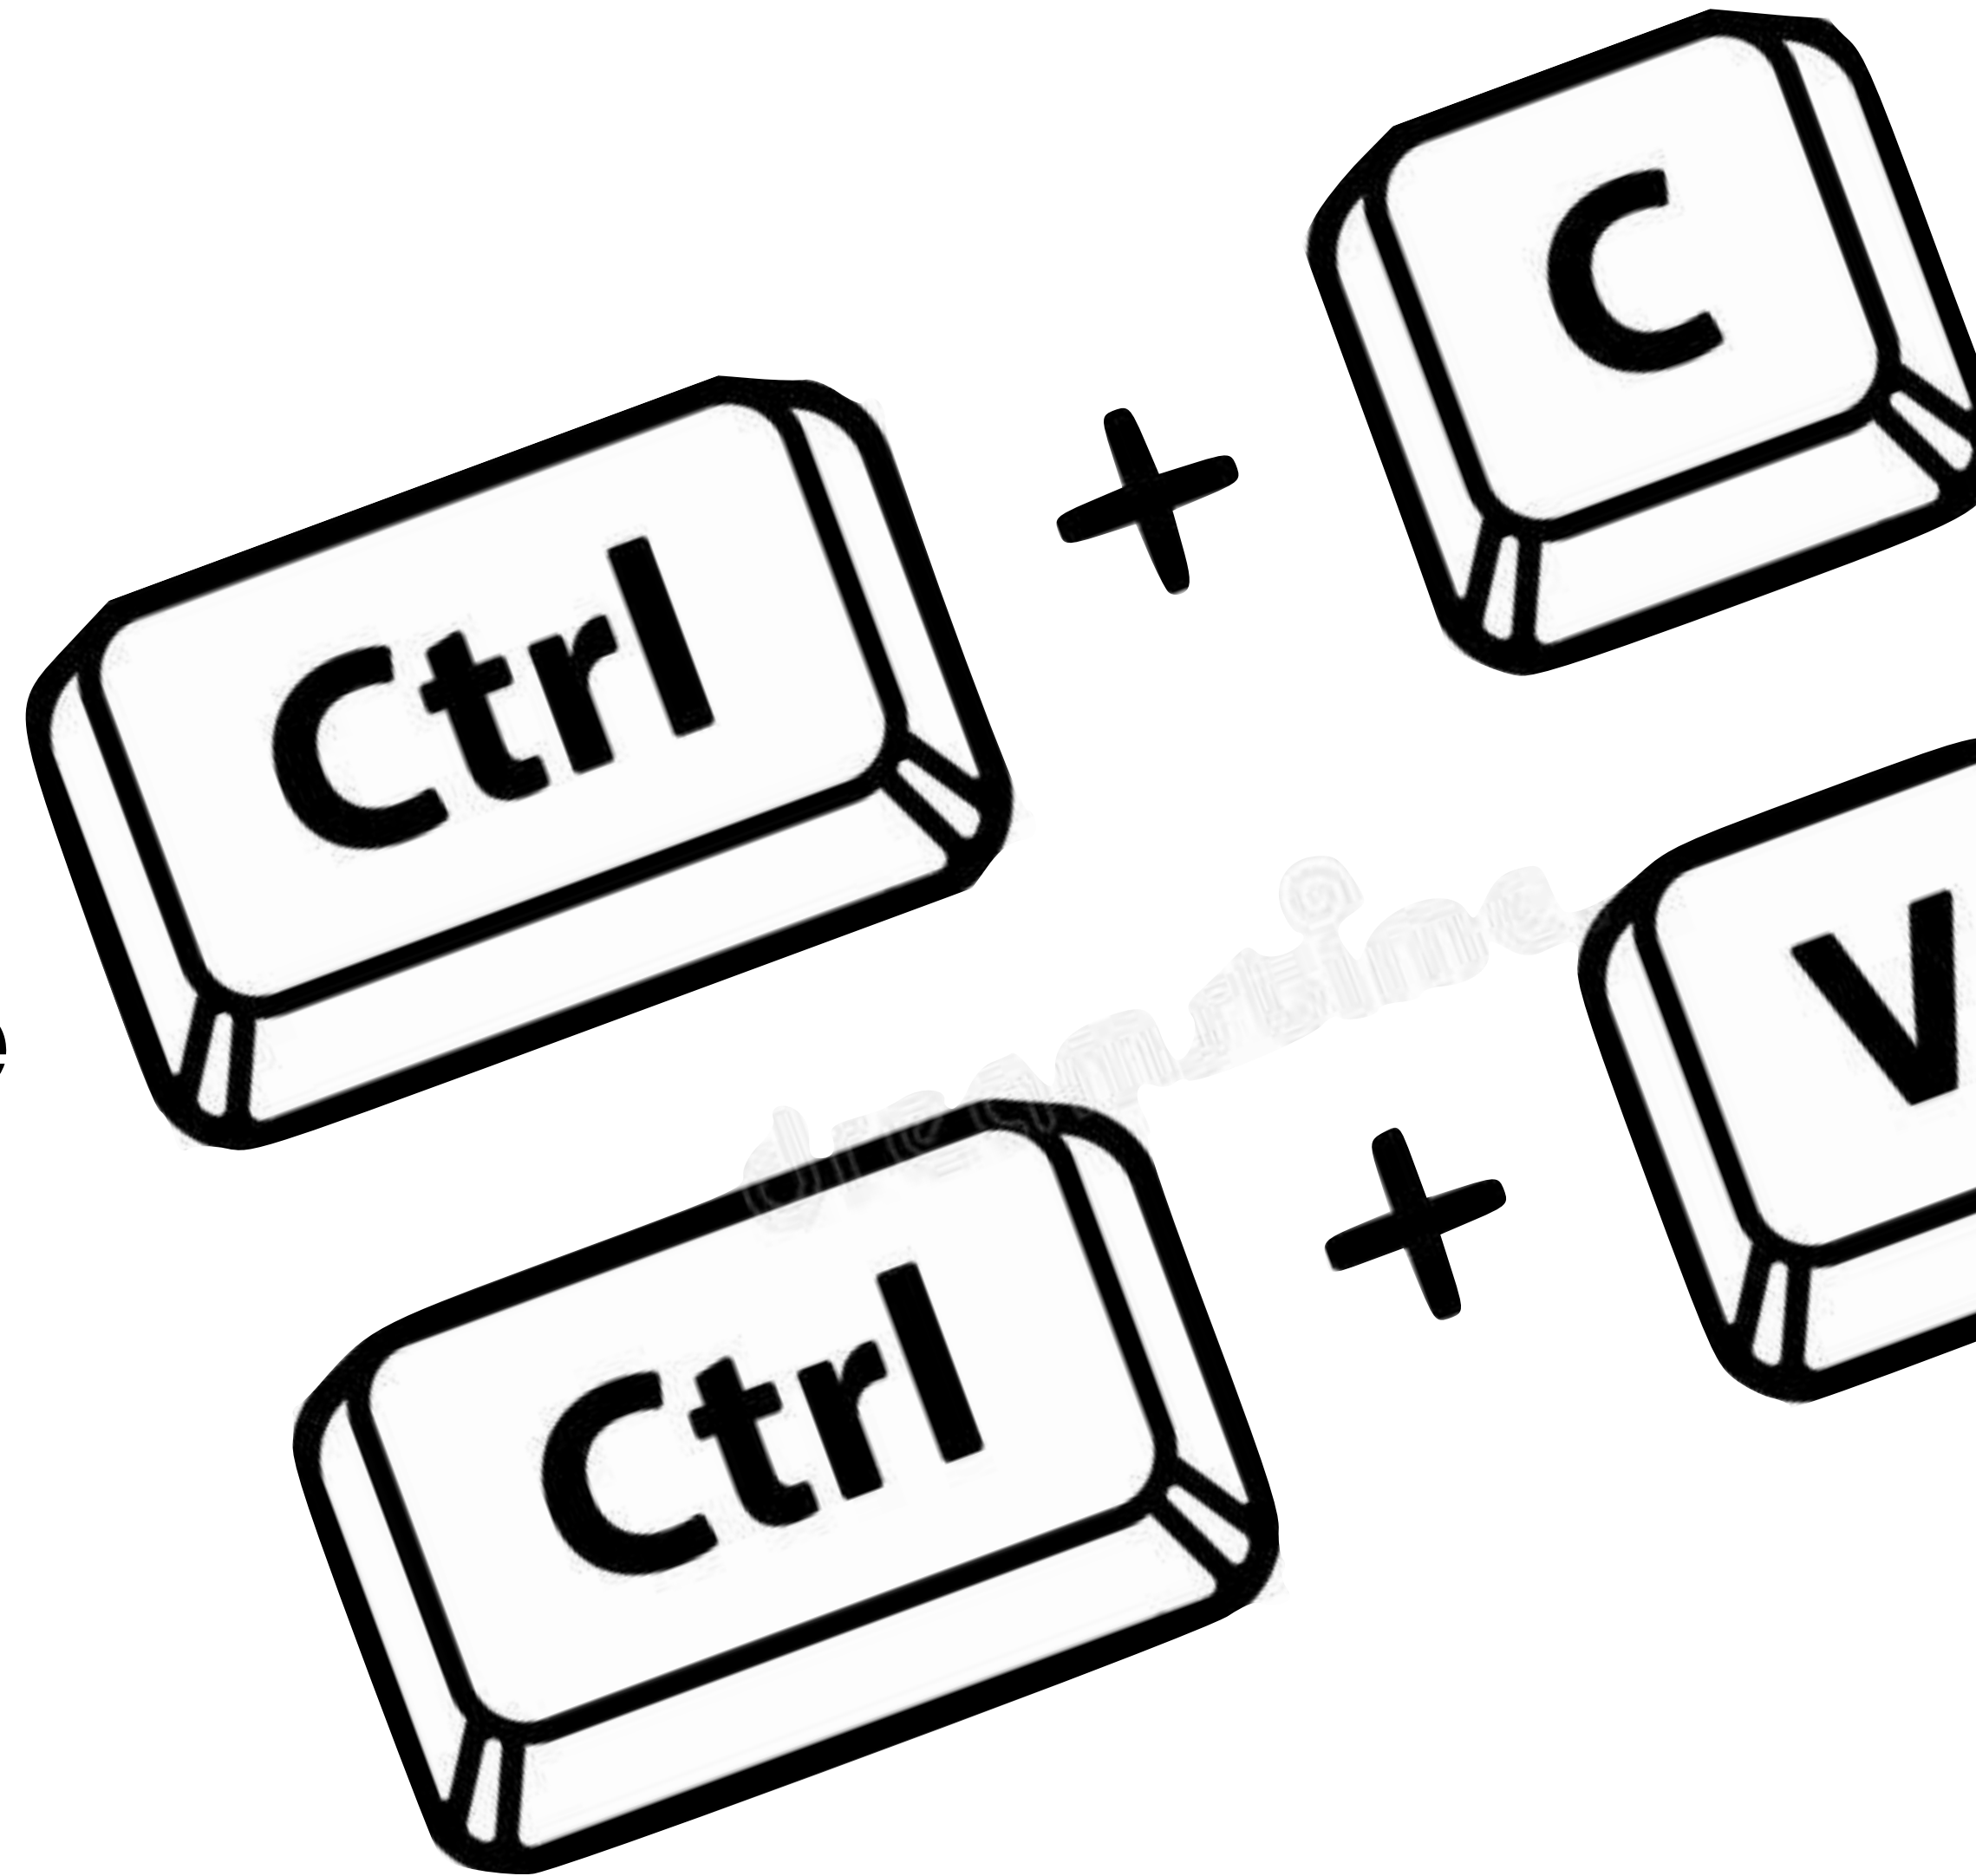

passive

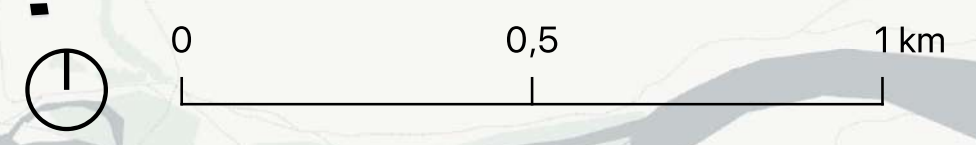

City Level: Example for others

Easy to copy and paste anywhere

- * All solutions are not exclusive
- * Everything can be copied anywhere
- * So easy to do this in your backyard

Easy to copy
and paste
anywhere
